In conjunction with

Units

About 1.62 million (in addition, 27,000 units were sold in Canada)

Description

This recall involves indoor 2-light fluorescent light fixtures that range in size from 18 inches to 4 feet long. The fixtures were sold in white and can be mounted from heights between 8 and 12 feet. A date code between 182 11 (July 1, 2011) and 090 15 (March 31, 2015) is affixed to the fixture near the ballast in a DDD YY format. Catalogue and model numbers are located on the second line of a label affixed to the inside of the fixture. Catalogue and model numbers included in the recall: DLE217RLP, DLE217RLPB, DLE 232RLP, DLE232RLPB, SL232R, SL232R/1, SL232RPC, SL232RTP, SLNR232R, SLNR232R/1, SLNR232RCHR, SLW232R, SLW232R/1, SNF115R, SNF117R, SNF125R, SNF217R, SSF217R, WP217R, WP217RNKLLU, WP232R, WP232RLU, WP232RNKL, WP232RNKLLU and WP232RNKLRL.

Incidents/Injuries

The firm received seven reports of sockets overheating, melting or arcing. No injuries have been reported.

Remedy

Consumers should immediately stop using the light fixture and contact Cooper Lighting for a free replacement.

Sold at

Ace Hardware, Lowe's, Menards, Mills Fleet Farm, True Value and other retail stores nationwide from July 2011 through April 2015 for between \$13 and \$67.

Importer(s)

Cooper Lighting LLC, of Peachtree City, Ga.

Manufactured in

China

The U.S. Consumer Product Safety Commission is charged with protecting the public from unreasonable risks of injury or death associated with the use of thousands of types of consumer products under the agency's jurisdiction. Deaths, injuries, and property damage from consumer product incidents cost the nation more than \$1 trillion annually. CPSC is committed to protecting consumers and families from products that pose a fire, electrical, chemical or mechanical hazard. CPSC's work to help ensure the safety of consumer products - such as toys, cribs, power tools, cigarette lighters and household chemicals — contributed to a decline in the rate of deaths and injuries associated with consumer products over the past 40 years.

Federal law bars any person from selling products subject to a publicly-announced voluntary recall by a manufacturer or a mandatory recall ordered by the Commission.

To report a dangerous product or a product-related injury go online to www.SaferProducts.gov or call CPSC's Hotline at (800) 638-2772 or teletypewriter at (301) 595-7054 for the hearing impaired. Consumers can obtain news release and recall information at www.cpsc.gov, on Twitter @USCPSC or by subscribing to CPSC's [free e-mail newsletters](#).

Units

About 700,000 in the U.S. (an additional 11,500 were sold in Canada)

Description

This recall involves Cree LED T8 lamps used indoors to replace traditional two pin T8 fluorescent tubes. The white lamps have a cylindrical shape and measure 48 inches long. The affected units are marked as “BT848 Series Lamp” with the product part number on the lamp itself or printed on a white label affixed to the lamp. A four digit date code is printed on the lamp under a statement that reads “Compatible with Instant Start, Rapid Start and Dimmable Electronic Ballasts.” Product numbers and UPC codes printed on the product packaging included in the recall are listed below:
